ABSTRACT

Data are presented on handicapped pupils, ages 6 through 21, served by South Carolina public schools. Data are based on the handicapped population reported in the December 1, 1988 Child Count. The number of handicapped pupils is reported by category of handicapping condition and program model, by category of handicapping condition and school district, and by program model and school district. Data are presented on the number of teachers and other personnel by school district. Other statistics concern multi-district educational programs and the number of pupils attending educational programs in such facilities as psychiatric hospitals, youth development centers, in-state institutions, and out-of-state institutions. Numbers of pupils and funding amounts awarded to the 93 local education agencies under Part B of the Education of the Handicapped Act (Public Law 94-142) and for preschool grants under Public Law 99-457 are also listed. Robert S. Black, Director
Office of Programs for the Handicapped
Columbia, South Carolina

The information contained in this document reflects the total number of handicapped pupils, ages 6 through 21, served by the public schools as reported in the FY'89 Annual Data Report required by Public Law 98-199, Section 618. This federal report is based on the handicapped population reported on the December 1, 1988 Child Count. Please be reminded that the format has been changed owing to modifications in the federal reporting system and, therefore, **does not** include handicapped children ages 3 through 5. I hope that this publication will prove useful as a source of information relative to services to handicapped children provided by the public schools of South Carolina.

FLOW THROUGH FUNDS
1988-89

Public Law 94-142 monies were awarded to all ninety-three (93) local education agencies (LEAs) during school year 1988-89. These funds were awarded on an entitlement basis determined by the December 1, 1987 Child Count. South Carolina was awarded a total of $24,550,175.00 in Public Law 94-142 funds. Of this total, ninety-four percent (94%) was distributed to LEAs. The State's per pupil amount was $316.81. The FY'89 entitlement has a funding period from July 1, 1988 - June 30, 1989.

PUBLIC LAW 99-457 PRESCHOOL GRANT
FLOW THROUGH FUNDS
1988-89

Preschool Grant Funds were awarded to ninety (90) LEAs and seventeen (17) other agencies during school year 1988-89. The grant awards/contracts were issued for the purpose of providing special education and related services for three through five year old handicapped children. Funding was determined by the December 1, 1987 Count (ages 3-5) and a projection of additional children to be served by each agency. South Carolina's grant award totaled $6,523,709.00. Of this total, 96% was allocated to LEAs/other agencies. Based on the funding formula, each agency received $400.00 per child on the December 1, 1987 Count and $1,860.95 for each child indicated on the Estimated Increase Count. Also, an adjustment was calculated based on the difference from the FY 88 estimated increase and the number of pupils actually increased/decreased based on the March 1, 1988 child count. The per pupil amount for the adjustment is $2,873.56. The funds have an entitlement period of July 1, 1988 - June 30, 1989.

EVALUATION, DIAGNOSIS AND PRESCRIPTIVE PROGRAM

The State Department of Education, Office of Programs for the Handicapped, has set aside a small portion of the Department's Part "B" funds in order to provide diagnostic evaluations and educational prescriptions for handicapped children exhibiting complex and unusual handicapping conditions. These educational diagnostic evaluations are available through the "Evaluation, Diagnosis and Prescriptive Program" (EDPP) and cannot supplant diagnostic/prescriptive services which are traditionally the responsibility of local agencies.

The diagnostic and prescriptive profiles obtained through this program are designed to be utilized as an aid in planning and implementing individualized education programs which ultimately accrue to the benefit of the child. Referrals accepted for evaluation are restricted to those children manifesting unusual or complex handicapping conditions.

Diagnostic centers operative during the 1988-89 school year are listed in the chart below with the number of children receiving services.
